

# get results in 20 minutes

## Mobile Medical Associates (MMA)

is introducing our newest weapon in the fight against coronavirus:

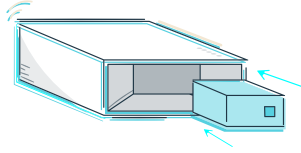

**the new rapid PCR COVID-19 test.**

This molecular COVID-19 test combines fast results & ease of use with the accuracy of central lab technology. The device combines smartphone app technology & state-of-the-art lab testing techniques to deliver reliable information quickly.

It's as simple as inserting the cartridge to the device, collecting a sample from your nose, inserting the sample into the cartridge, and waiting for the the results to come.

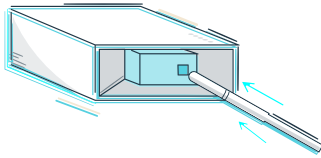

The test results are delivered to a mobile smart device in about **20 minutes.** The molecular test matched central lab results with 97.8% accuracy in an independent study by Mayo Clinic.

## the steps

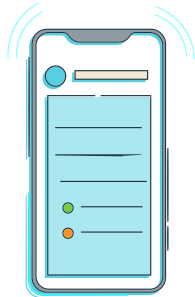

1. insert the cartridge

2. collect a sample

3. insert the wand

4. get your results

No prescription is required.  
The device is Emergency Use Authorized (EUA) by FDA for professional use at point-of-care and at-home use.
